

Revision Timetable

This is an example of a revision timetable that may be of some use to you. The timescales given may not necessarily work for you, however you can adapt it and change it the times. There will be days when you don't stick to the timescales, but that should not put you off working to a timetable. The purpose of making out a timetable is to allow you to find an important balance between revision time and your free time. Free time is vital to allow you to 'recharge your batteries'.
